

Name: _____

Date: _____

Ask & Answer

Read and circle the correct answer.

Lewis & Clark

In 1803, two men named Lewis and Clark wanted to go on an adventure. They walked across the country from the state of Indiana to the Pacific Ocean to learn more about the country they lived in. They saw new animals and plants such as grizzly bears. They met new friends and made a map to share with others.

What did Lewis and Clark do together?

Read new
books

Walk across
the country

Go **fishing** in
a lake
